Since my new pet comes from HSLC, I understand others have already invested both emotionally and financially in his/her welfare. I acknowledge this involvement and therefore agree to continue their commitment by:

1. Having the knowledge that by spaying and neutering my pet my individual effort can help reduce overpopulation and knowing this I will agree to have my pet spayed or neutered
2. Working in partnership with my veterinarian to provide proper care, which will include seeing that All necessary vaccinations and treatments are given on schedule
3. Providing an environment that will ensure a life free of traffic hazards, harsh weather, human cruelty and communicable diseases.
4. Providing proper hygiene care and playtime, including grooming, nail clipping, ear and teeth cleaning (if recommended by vet)
5. Resolving that decisions about where I chose to live will always include, and allow for animal ownership for this new family member.

Furthermore, I promise to contact the HSLC in the event circumstances beyond my control make animal ownership impossible. This will enable me to work with them to find another home for my friend.

By signing- I affirm that I am 21- years of age or over, and that the information contained on this form is true to the best of my knowledge.

I understand that if approved for adoption, I am prepared to make a lifelong commitment of time and money to my pet(s).
